

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

LOCAL NEWS.

WEATHER PROBABILITIES.—War Department Office of the Chief Signal Officer, Washington, D. C., February 29, 1876—10:30 a. m. For the southern portion of the Middle States and the South Atlantic States slightly colder and partly cloudy weather, northwest to north-east winds, and rising barometer.

THE ALEXANDRIA CANAL.—As noticed in our telegraph news from Washington, yesterday, another project is on foot for crippling the Alexandria Canal. It is understood that the movers in the matter are persons interested in the new outlet lock, above the Aqueduct at Georgetown, who, it seems, are endeavoring to accomplish through Congressional interference what has been repeatedly denied them by the House, the abolition of the Alexandria Canal Aqueduct. It is said that a member of the District Committee has been enlisted in the project, and is active in its favor. It is hoped that our Senators and Representatives will see to our interests in a matter of such vital importance to our commerce. We are informed that the lessees have a large force of men at work putting the Aqueduct in thorough repair for the spring trade.

NEW OUTLET LOCK.—The Georgetown correspondent of the Baltimore Sun says: "The new outlet lock on the Chesapeake and Ohio canal, about a quarter of a mile above this city, will, it is thought, be in working order in from three to four weeks. The work of building it has been of an immense character. The canal boatmen are very favorably disposed towards the improvement, as by using it they can be promptly locked out into the Potomac without the tedious delay that was sometimes unavoidable at Georgetown, on account of the blocking up of the canal by the number of boats being unladen at the same time. By using the outlet lock boats can now go direct to Alexandria by the Potomac, as formerly by the aqueduct and canal, as instated."

C. & O. CANAL.—Instructions have been issued to the superintendents of divisions to have the canal ready for navigation by the 10th of March, and as repairs and all needful work along the canal have been briskly pushed during the winter, there is no doubt that the first boats will leave Cumberland at the time specified.

Mr. Asahel Willison has been appointed collector of the canal at Cumberland, vice Mr. Weber, resigned.

By the "new drop gate" system, which has been introduced on the canal, one-tenth more coal can be carried than formerly, and with no additional expense.

COUNTY COURT.—Judge James Sangster presiding. In the matter of the application of Philip Rotherford, for a reduction of assessment on "Spring Park" for the year 1875, application filed and continued.

Accout of John B. Smoot, administrator de bonis non of D. F. Hoop, deceased, for the year ending November 4th, 1875, was returned to Court and ordered to lie 30 days.

John R. Beucher et alvs vs Nathaniel Carpenter; unlawful detainer; jury and case in progress.

RIVER STEAMERS.—The steamer Express, Capt. J. T. Barker, having been completely overhauled and repaired, left Baltimore for this city to-day on her regular trip. The steamer Sue, Capt. James Harper, of the same line, is nearly ready and will be placed on the route in a few days. Both of the steamers of the Potomac Ferry Company will be placed on the route between here and Washington to-morrow morning, making regular hourly trips hereafter, from 7:30 a. m. to 6 p. m.

SHROVE TUESDAY.—To-day is known in the church calendar as Shrove Tuesday, so-called from the ancient practice of confession of sins on this day, preparatory to the commencement of the solemn fast of Lent. It was also called "pan-cake day," from the fact that these popular articles of food were used for the last time before Lent, on this day, the eggs and milk, of which they are largely composed, being for bidden during the season of fasting.

W. & O. R. R.—The Senate Committee on Railroads held a meeting yesterday, and heard the Hon. Lewis McKenzie, ex-member of Congress from Virginia, in behalf of Senate bill 428, to aid the Washington and Ohio Railroad Company in the construction of their road to the Ohio river. The bill was referred to a sub-committee consisting of Messrs. West, Hamilton and Ransom.

FISH WHARF.—The fish wharf was rented to-day by Kelley & Carter for J. Matthews and Benjamin Davis, of Loudoun, for \$1800. This does not include Smoot's wharf, which has heretofore been rented with the Corporation wharf. The Superintendent of Police had a force at work excavating and making other arrangements for the necessary repairs to the wharf and for putting down stayings.

POLICE REPORT.—C. F. Douglas, a colored boot-black, for obstructing the sidewalk at the S. Asaph street depot, was discharged with a reprimand after having been locked up several hours.

George Davis, alias Tatsapaugh, for throwing stones in the street, was fined and discharged.

Four lodgers at the station-house last night.

THE WEATHER.—Early this morning the weather was cloudy and cold, and about eight o'clock the snow fell quite briskly for a short while. The wind, however, soon veered around to the northwest and clouds gave way to sunshine, which has prevailed since, with the wind still blowing from the same quarter.

COMMERCIAL.—ALEXANDRIA MARKET, Feb. 29.—The market to-day is better for wheat, and prices ranged from 130 to 145, that being an advance on yesterday's quotations; offerings of 1,224 bushels of red. There is no better feeling for corn, and the highest price paid to-day was 57 cts.; the offerings amounted to 2,479 bushels of white, mixed and yellow, which brought 56 1/2. Small offerings of Oats at 50.
